Performance Wheelchairs

küschall[®]
designed for life

K-SERIES

Küschall K-Series wheelchairs come in a choice of three exceptional materials: Aluminium, Titanium and Carbon, each with its own attributes and benefits. First produced in 1825, aluminium is the most abundant metal in the Earth's crust and the most widely used nonferrous metal. It is 100% recyclable, without any loss of its natural qualities, and it offers a wide range of properties, most notably its light weight and durability that have seen it widely used in transportation, packaging, construction, the aerospace industry and for electrical transmission. Küschall K-Series Aluminium wheelchairs are highly versatile, hardwearing and configurable. They are available with a wide range of options to suit your exact needs and requirements in order to provide you with even greater comfort and flexibility.

The küschall Champion Aluminium provides you with all possibilities: colours, configurations, options. There are almost unlimited ways to personalize your wheelchair. Now available with adduction frame, the wheelchair offers better leg support and increased maneuverability.

What could better represent the longevity than **Titanium**? For the first time in its 25 years of success, the küschall Champion comes with a new titanium frame. If you are looking for a strong, scratch-resistant and stylish material, then the küschall Champion Titanium is exactly what you need! On top of this, the küschall Champion Titanium has carbon front wheel supporters – a real eye catcher!

Carbon has always been the symbol of elegance for high level products. Exceptionally strong, reliable and lightweight, the küschall Champion Carbon combines design and performance!

küschall[®] **Champion**

INVACARE® TOP END®
CROSSFIRE™
 SERIES WHEELCHAIRS

The Invacare® Top End® Crossfire™ Series of everyday wheelchairs offers a range of frame materials and frame styles to suit a rider's individual needs and preferences. From the highly adjustable Invacare® Top End® Crossfire™ T7A Wheelchair to the Invacare® Top End® Crossfire™ T6 Wheelchair with a fixed rear seat-to-floor height, you can find the ideal chair for the most energy efficient ride. The Crossfire Series Wheelchairs are the perfect fit for anyone, from the new rider to the more experienced, who wants a custom, super light chair built for performance.

INVACARE® TOP END®
CROSSFIRE™
ALL TERRAIN
 WHEELCHAIR

The Invacare® Top End® Crossfire™ All Terrain Wheelchair is the monster truck of wheelchairs and is designed to leave some serious tracks. Do you like to hike, fish, camp, hunt, kayak, garden or go to the beach? You can do it all with the Crossfire All Terrain Wheelchair. Built of 6061 T6 Aluminum, it is equipped with enormous 25" x 2.75" knobby wheels and huge 8" x 2" front casters for extreme traction. The Crossfire All Terrain Wheelchair is engineered with mega ground clearance, plus forward and side-to-side stability so that you can conquer the toughest terrain.
